ADRC DEMENTIA CARE SPECIALIST

The Aging & Disability Resource Center (ADRC) Dementia Care Specialist provides information and assistance to Outagamie County adults with memory or cognitive concerns and those with a dementia diagnosis. The Dementia Care Specialist supports family members and friends who are caregivers. It is our goal to create 'dementia-friendly' communities where adults with dementia remain active and safe. The Dementia Care Specialist offers the following areas of support and assistance.

SUPPORT FOR INDIVIDUALS WITH DEMENTIA:

- **Memory Screens:** Memory screens are provided at no cost and are confidential brief tests that are used to evaluate memory, judgement and the ability to understand visual information.
- **Memory Cafes:** Memory Cafes offer socialization and interactive activities with others who experience memory loss.
- **Independence:** The Dementia Care Specialist may connect those affected by memory loss with educational, social, recreational and other local opportunities to support independence and a healthy lifestyle.

EVIDENCE-BASED HEALTH PROMOTION CLASSES

StrongWomen™ (AKA Strong Bodies)

Developed by Tufts University

This training program is designed to help men and women become or remain fit, strong, and healthy. The benefits of strength training for middle-aged to older men/women have been studied extensively and include: increased muscle mass and strength; improved bone density and reduced risk for osteoporosis and related fractures; reduced risk of diabetes, heart disease, arthritis, depression, and obesity; improved self-confidence, sleep, and vitality.

Stepping On: Falls Prevention Workshop

Developed by Dr. Linda Clemson

One in three people aged 65 and older fall at least once a year. The good news is that falls CAN be prevented! Stepping On is a seven-week workshop using adult education to develop knowledge and skills to prevent falls in older adults. The Stepping On program focuses on how strength and balancing exercises, medication management, home safety, footwear, vision, and mobility are important in preventing falls.

Living Well with Chronic Disease: Self-Management Workshop

Developed by Stanford University

Chronic conditions may cause you to lose physical conditioning and suffer problems over many years. Examples of chronic conditions include: arthritis, heart problems, asthma, stroke, chronic pain, cancer, osteoporosis, diabetes, obesity, high blood pressure, and emphysema. Learn the skills to deal with your illness, continue your normal life, and handle your emotions.

Tai Chi

Tai Chi is a slow, graceful exercise that promotes calm mental focus and alignment while building leg strength, endurance, and stability. Ideal for increasing stamina, flexibility, and coordination, Tai Chi promotes efficiency of movement and economy of effort.

Mind Over Matter: Healthy Bowels, Healthy Bladder

Developed by Dr. Heidi Brown, UW-Madison

This workshop designed to help women build the skills and confidence they need to adopt strategies and exercises that help them prevent or improve incontinence symptoms. This workshop has been scientifically proven to reduce leakage! Even if you don't have leakage symptoms now, it's never too early or too late to think about your bladder and bowel health!

LONG TERM CARE OPTIONS

WHAT IS LONG TERM CARE?

It is any service or support needed as a result of a disability, getting older or having a chronic illness that limits the ability to do things (ie, bathing, getting dressed, making meals, going to work and paying bills). There are services and supports available to help residents do things independently or with the support of someone else. There are two managed long term care programs for eligible county residents to choose from: 1) Family Care, and 2) Family Care Partnership. In addition to the Family Care and Family Care Partnership programs, eligible county residents may also have the option to choose the long term care federal waiver IRIS (Include, Respect, I Self-Direct) or continue to use their Medicaid ForwardHealth card for services.

WHAT IS FAMILY CARE?

Family Care coordinates long term care services and supports. Health care and prescription drug coverage are provided by Medicare and Medicaid in Family Care. The Family Care program integrates home and community-based services such as nursing home care, Medicaid personal care, home health and other services, etc. Family Care does not pay for primary (doctor) care services. In Family Care, members use their own physician and Medicaid ForwardHealth card to pay for primary care services. Members obtain their prescription drug coverage through their Medicare Part D prescription drug assistance plan and/or Medicaid. Family Care provides a team which includes a registered nurse, care manager, the member and other loved ones or professionals. In Family Care, members do have the choice to participate in SDS (Self-Directed Supports) which offers members a variety of options to direct some of their own services.

WHAT IS FAMILY CARE PARTNERSHIP?

Family Care Partnership covers all long term care services in the Family Care program plus all health care services and prescription drug coverage. The Family Care Partnership program integrates home and community-based services such as nursing home care, physician services, hospitalization, medications and all other medical care. Family Care Partnership provides a team which includes a nurse practitioner, registered nurse, social worker, physician, the member and other

loved ones and professionals. Primary care services are integrated in the Family Care Partnership program that is managed by the team along with long term care services. Members use physicians who are in the Managed Care provider network. Members obtain prescription drugs only through the Family Care Partnership program and do not need a Medicare Part D prescription drug provider or Wisconsin SeniorCare. Family Care Partnership includes all benefits that are paid for by the member's Medicaid ForwardHealth card and Medicare. In Family Care Partnership, members have the personal choice to participate in SDS (Self-Directed Supports) which offers members a variety of options to direct some of their own services.

WHAT IS IRIS (INCLUDE, RESPECT, I SELF-DIRECT)?

IRIS (Include, Respect, I Self-Direct) is a long term care federal waiver where members "self-direct" their community based, long term care supports and services. The IRIS self-direct option allows members to creatively use their monthly budget allocation to meet their long term care needs. A member's budget allocation is determined during ADRC enrollment counseling. In IRIS, members will continue to use their Medicaid ForwardHealth card and Medicare to pay for needed supports and services. An IRIS Independent Consultant works directly with the member to help develop a care plan. An IRIS Fiscal Agent pays for the care plan supports and services.

WHO IS ELIGIBLE FOR FAMILY CARE, FAMILY CARE PARTNERSHIP OR IRIS?

County residents who are 65 years and older; Residents 18 years and older with a physical and/or developmental disability; Medicaid eligible; and who are functionally eligible (otherwise eligible to receive services in a nursing home or in Family Care non-nursing home level of care).

WHERE DO I GO TO ENROLL?

Contact the [Outagamie County Aging & Disability Resource Center \(ADRC\)](#) 920-832-5178. Trained ADRC staff will explain long term care options, determine eligibility and help individuals decide which program is best for them.

ADVANCE CARE PLANNING

ADVANCE CARE PLANNING DECISION TOOL

There may come a time when your loved one needs help making decisions. The State of Wisconsin has a range of options for adults to get the support they need to lead productive lives in Wisconsin. Advance care planning is important for adults of all ages. A Release of Information form, obtaining a Representative Payee, or a Power of Attorney, can assist families to provide the support and safeguards an individual needs. Release forms and Supported Decision-Making agreements help the individual maintain some decision-making power. Representative Payee and Power of Attorney grant decision making to another person in certain circumstances but have a much narrower scope of authority than a Guardianship. A Guardianship is appointed by the court and is the most restrictive for the individual and requires a Competency Evaluation from a Doctor.

Advance Care Planning is making sure the people who matter know what matters most to you. It includes thinking about, talking about, and writing down your wishes for future health care. It also includes important legal documents, called Advance Directives.

Advance Care Planning is important because it is your right to make decisions about your health care. If you are very sick, injured, or nearing the end of your life and you cannot communicate, someone will make decisions for you. If you don't plan, the decisions that are made may not be what you would have wanted and this can also be very difficult for your loved ones.

Make sure your wishes are known and honored by thinking ahead about what you would want, talking with your loved ones and health care professionals, and by completing your Advance Directives. If you could not speak for yourself, Advance Directives allow the person (or people) you trust to make decisions for you.

SUPPORTED DECISION-MAKING AGREEMENTS

If you desire support from someone you trust to help you make decisions, release forms and Supported Decision-Making agreements may be an appropriate option for you. In a Supported Decision-Making agreement, you choose who you want to be your Supporter to assist you in certain areas such as educational, medical, and/or housing. You remain in control of your own decision-making.

SupportedDecisionMaking](http://www.wi-bpdd.org/SupportedDecisionMaking)

WISCONSIN ADVANCE DIRECTIVE DOCUMENTS

1. Finances: The Power of Attorney for Finances and Property (also called Durable Power of Attorney) is a document you must complete to give legal authority to the person you would trust to make decisions about your finances and property if you are not able to act for yourself.
2. Health Care: The Power of Attorney for Health Care is a document you must complete to give legal authority to the person you would trust to make decisions for you about your health care if you are unable to act for yourself.

Wisconsin Department of Health Services: [www.dhs.
wisconsin.gov/forms/advdirectives](http://www.dhs.wisconsin.gov/forms/advdirectives)

**It is recommended to complete the Power of Attorney for Finances and Property PLUS Power of Attorney for Health Care at the same time to avoid complications. **

- If appropriate, talk to your lawyer or find a lawyer who specializes in working with older adults at www.winaela.org/find-an-attorney

ADVANCE DIRECTIVE - HEALTH CARE

Advance directives for health care are an important part of advance care planning and healthy aging. If you are sick, injured, or nearing the end of your life and cannot communicate, someone will make health care decisions for you. Complete your advance directive for health care, including the Power of Attorney for Health Care, to name the person you would want to speak for you (called your health care agent) and communicate your wishes to your loved ones and health care professionals.

What is a health care agent?

Your health care agent (sometimes called your power of attorney for health care) makes health care decisions for you if you cannot. Health care agents may be needed for many reasons like if you are very sick, injured, or nearing the end of your life. You must choose your health care agent before you need them.

What decisions does a health care agent make?

Health care agents cannot make decisions for you unless you are not able. At that point, your health care agent may make decisions about:

- Your medical care, such as tests, medicine, surgery, and other treatments
- The location where you will receive medical care
- Who your doctor(s) will be
- Who has access to your medical records

Who should be my health care agent?

If you are an adult living in Wisconsin, you must choose your health care agent. Per state law, there is no person who can automatically make health care decisions for you (such as your spouse or next of kin) if you cannot. Your health care agent does not need to be related to you. Choose someone who:

- You trust to make decisions that are best for you
- Will follow your wishes even if they do not always agree with them
- You talk to regularly about what is most important to you
- Is willing to be your health care agent
- Can make decisions in high stress situations

The person you choose may decide they are unable or unwilling to be your health care agent at any time. If you are able, ask 1-2 other people that you trust to be your alternate health care agents.

How do I make this legal?

Complete a Power of Attorney for Health Care document to legally name your health care agent. You can get this document from your doctor's office or the Fox Valley Advance Care Planning Partnership. Help is available. Once it is done, share with your loved ones and other people you trust. Send a copy to your doctor's office to keep in your medical record.

ADULT GUARDIANSHIP

Guardianship is a legal relationship created by a court when an individual is unable to make or communicate their own decisions regarding their personal welfare, their finances, or both. Guardians may be appointed if an adult has not been able to do any advance planning via power of attorney documents, if the individual's agents are unavailable, if the individual's agents do not have sufficient authority to act on their behalf, or when a minor with a significant intellectual disability turns 18. Wisconsin is not a "next of kin" or "family consent" state, which means that in most circumstances, if an individual is unable to make their own decisions, spouses and relatives do not automatically have the right to make decisions for them. The court appoints a

guardian whom is responsible to make all decisions in the best interests of the individual (the "ward.") The court may appoint the same person for both guardian of person and estate, or the court may appoint two different individuals. The court may also appoint two individuals to act together as co-guardians. Co-guardians may have authority to act individually when necessary for convenience purposes. Guardianship is a court order. Once a guardian has been appointed, the order requires guardians to act within court rules, and file annual reports to the Register in Probate Office. It is a big job, but has a powerful and meaningful impact on someone's life!

To learn more about guardianship, you can access guardian resources at:

- **Aging and Disability Resource Center (ADRC) – 920 832-5178**
- **www.outagamie.org/residents/guardianship-assistance-learn-about-becoming-a-guardian**. There you will find the Guardianship Tutorial, Court Rules, and instructions to the State Guardianship Training.
- **GWAAR (Greater Wisconsin Agency on Aging Resources) at: <https://gwaar.org/guardianship-resources>**. There you will have access to a large number of resources to include, but not limited to, rights of a ward, standby and successor guardianship roles, how to ask the court to change or end a guardianship, and roles and responsibilities of a guardian.
- **State of Wisconsin Guardianship training video -www.uwgb.edu/guardianship-training**

ADULT GUARDIANSHIP

To initiate a guardianship in Outagamie County, an individual is advised to start by consulting with the **Aging and Disability Resource Center**, to determine if the individual in need of guardianship meets the eligibility criteria for services being provided by the County. In the alternative, the individual seeking guardianship will be advised to consult with a private attorney for the purpose of exploring and initiating a guardianship appointment.

The process of establishing guardianship requires first an evaluation completed by a physician, psychiatrist or psychologist. The doctor establishes the need for guardianship in the specific legal evaluation form. Once the need for guardianship is established, a potential guardian(s) needs to be identified. All Proposed guardians must complete the below requirements prior to the appointment. Please note there are costs (GAL bill, filing fees) involved for the individual, even if the county is completing the guardianship.

Proposed Guardian requirements

- Completion of the State's free training (www.uwgb.edu/guardianship-training)
- Background Check
- Credit Report
- Review and acknowledgment of the Outagamie County tutorial
- Review of the Outagamie County court rules
- Statement of Acts/ Consent to Serve forms

ELDER AND ADULTS AT RISK

WHAT IS AN ELDER AT RISK?

When a person age 60 years and older is subjected to physical abuse, material or financial exploitation, neglect, self-neglect or emotional abuse.

WHAT IS AN ADULT AT RISK?

When a person age 18 to 59 years has a physical, mental illness or developmental disability that substantially impairs their ability to care for their needs and is experiencing physical abuse, material or financial exploitation, neglect, self-neglect or emotional abuse.

EXAMPLES OF ABUSE:

- Physical Abuse is an intentional act that results in physical pain, injury or impairment. It includes, but is not limited to, beating, choking, burning, inappropriate medication, tying, locking a person up and sexual assault.
- Material or Financial Exploitation is the misuse of money or property. It includes deception, diverting income, mismanagement of funds and taking money or possessions against a person's will.
- Neglect occurs when a caregiver's failure to provide adequate food, shelter, clothing, supervision, medical or dental care results in significant danger to the physical or mental health of an elder or adult under their care.
- Self-Neglect occurs when an elder or adult's physical or mental health is endangered by their own inability to provide adequate food, shelter, clothing, medical or dental care.
- Emotional Abuse is name calling, threatening, harassing or treating an elder or adult like a child. It also includes isolating an elder or adult from their family members and friends.

HOW TO REPORT ELDER AND ADULTS AT RISK:

Outagamie County Department of Health and Human Services

CRISIS 920-832-4646 • 7-1-1

CALL 9-1-1 IF AN EMERGENCY

RISK FACTORS FOR ELDER AND ADULTS AT RISK:

- History of family conflict and poor family relationships
- Unreasonable expectations placed on elder or adult by caregiver and vice versa
- Substance abuse by caregiver, elder and/or adult
- Caregiver dependence on an elder or adult for money and/or support
- Poor physical and/or mental health of caregiver
- Caregiver attempts to assume power of attorney when the elder or adult is not capable of understanding what they are signing
- Caregiver overburdened by caring for other dependents, having too many demands and having poor impulse control or conflict resolution skills
- An elder or adult who is at risk for exploitation due to cognitive impairments

IDENTIFY AND ORGANIZE YOUR PERSONAL AFFAIRS

The Outagamie County Aging & Disability Resource Center (ADRC) has the **Identify and Organize Your Personal Affairs** guide to help you record the location of current documents, contact residents, possessions and miscellaneous information that will be important to you when addressing financial and personal affairs, end-of-life decisions, etc. Recording one's wishes in advance will help to avoid confusion, uncertainty and conflict.

QUESTIONS TO CONSIDER

- 1) Who should be your personal guardian or representative if you are unable to manage your affairs? Who should be executor of your estate after your death?
- 2) Who should receive your personal property and possessions (real estate, vehicles, household items, jewelry, artwork, guns, collectibles, etc.) after your death?
- 3) Do you have a **Power of Attorney (POA) for Finances and Property**? Who holds that Power? List current POA contact information (name, relationship, address, telephone, fax, email). The POA for Finances and Property should be updated every five (5) years.
- 4) Do you have a **Power of Attorney (POA) for Health Care/Living Will** identifying your health care wishes? Have you discussed your wishes with family, friends and health care professionals? Have you discussed a Do Not Resuscitate (DNR) order or organ donation? List current POA contact information (name, relationship, address, telephone, fax, email).
- 5) Do you have funeral arrangements documented that indicate your wishes for burial (embalming, cremation, final location of remains), funeral location and service details (memorial, music, scriptures, food, flowers, etc.), obituary and what charitable organizations you would like memorials be directed to? Who should be notified immediately upon your death? Where are your documented arrangements located?

Have a conversation to discuss this guide and your views with the person(s) whom you trust, who are willing to respect your views and values, who are able to make difficult decisions in stressful circumstances, who will closely follow what you want and be a good advocate for you. It is advised that this guide be reviewed every five (5) years or at the time of a life-changing event.

Copies of the **Identify and Organize Your Personal Affairs** guide are available at the Outagamie County ADRC, Government Center-Level 1; 320 S. Walnut St., Appleton or may be downloaded at [www.outagamie.org/Aging & Disability Resource Center\(ADRC\)/Resource Information/ADRC Identify and Organize your Personal Affairs Guide](http://www.outagamie.org/Aging & Disability Resource Center(ADRC)/Resource Information/ADRC Identify and Organize your Personal Affairs Guide)

What *IS* the Health Insurance Marketplace?

The Health Insurance Marketplace provides a new way to buy health insurance.

The Marketplace lets you:

- See available options.
- Decide what fits your needs and budget.
- Apply for coverage and determine if you qualify for a federal tax subsidy.

To Enroll

November 1st, 2025 - January 15th, 2026

www.healthcare.gov

Call 1-800-318-2596

TTY: 1-855-889-4325

What do you need to enroll?

1. Social Security Numbers (or document numbers for legal immigrants).
2. Employer and income information for every member of your household who needs coverage (pay stub or W-2, etc.).
3. Policy numbers for current health insurance plans covering members of your household.
4. If anyone in your household is eligible for a job-based insurance plan, you will need to have their employer complete an Employer Coverage Tool (available on the healthcare.gov website).

You may qualify for lower premiums or out-of-pocket costs, based on your household income and size.

In 2024-2025, an individual making up to about \$62,600 or a family of 4 making up to about \$128,600, may qualify for these lower costs.

WHAT YOU SHOULD KNOW BEFORE YOU APPLY FOR SOCIAL SECURITY DISABILITY BENEFITS

● HOW DOES SOCIAL SECURITY DECIDE IF I AM DISABLED?

By law, Social Security has a very strict definition of disability. To be found disabled:

- You must be unable to engage in any substantial gainful activity because of your medical condition(s); and
- Your medical condition(s) must have lasted or be expected to last at least 1 year or be expected to end in death.

● MY DOCTOR SAYS I AM DISABLED. IS THAT ENOUGH TO QUALIFY ME FOR DISABILITY BENEFITS?

No. You cannot get disability benefits solely because your doctor says you are disabled.

● I AM GETTING DISABILITY PAYMENTS FROM MY JOB OR OTHER AGENCY. CAN I AUTOMATICALLY GET SOCIAL SECURITY DISABILITY BENEFITS?

No. Social Security disability laws are different from most other programs. For example, Social Security does not pay benefits for partial disability.

● HOW LONG DOES IT TAKE TO MAKE A DECISION?

It can take up to 12 months to get a decision. This depends on how much time it takes to get your medical records and any other evidence needed to make a decision.

● CAN I DO ANYTHING TO SPEED UP THE DECISION?

Yes. You can speed up the decision by being prepared for your interview. You can also speed things up by making sure you have the information Social Security requests of you regarding your work history and medical records.

● HOW DOES SOCIAL SECURITY MAKE THE DECISION?

Your application is sent to a state agency that makes disability decisions. The state has medical and vocational experts who will contact your doctors and other places where you received treat-

ment to get your medical records.

The state agency may ask you to have an examination or medical test. You will not have to pay for any examination or test. If the state does request an examination, make sure you keep the appointment.

● IF SOCIAL SECURITY DECIDES THAT I AM DISABLED, WHAT TYPES OF BENEFITS CAN I RECEIVE?

Social Security pays disability benefits under two programs:

- Social Security Disability Insurance (SSDI) for insured workers, their disabled surviving spouses and children (disabled before age 22) of disabled, retired or deceased workers.
- Supplemental Security Income (SSI) for residents with little or no income and resources.

● CAN I APPLY FOR DISABILITY BENEFITS ONLINE?

Yes. Simply log on to: www.ssa.gov for more information about applying online. Note: You cannot apply for SSI online.

● WILL MY PERSONAL INFORMATION BE KEPT SAFE?

Yes. Social Security protects the privacy of those they serve. As a Federal agency, they are required by the Privacy Act of 1974 (5U.S.C.522a) to protect the information they get from you.

● WHAT IF I AM MORE COMFORTABLE SPEAKING IN A LANGUAGE OTHER THAN ENGLISH?

Free interpreter services are provided to help you conduct your Social Security business.

● WHERE CAN I GET MORE INFORMATION?

Visit www.ssa.gov, call 800-772-1213 Toll Free, 800-325-0778 TTY for deaf and hard of hearing or contact the **Aging & Disability Resource Center (ADRC)** to provide assistance with other questions you may have if you are disabled.

ALZHEIMER'S FAMILY CAREGIVER SUPPORT PROGRAM (AFCSP)

The Alzheimer's Family Caregiver Support Program (AFCSP) was created by the Wisconsin legislature in 1985 in response to the stress and service needs of families caring at home for someone with irreversible dementia. To become eligible for AFCSP funding, a person must have an Alzheimer's disease or related dementia disorder diagnosis from their physician, live at home, and meet AFCSP financial requirements. AFCSP is coordinated by the Wisconsin Bureau of Aging and Disability Resources (BADR) and is available in every county and tribe throughout the state.

How does AFCSP work in Outagamie County? AFCSP funds are available through the Outagamie County Aging & Disability Resource Center (ADRC) to assist Outagamie County residents in purchasing services and goods related to the care of someone with Alzheimer's disease or a related dementia disorder. Up to \$4,000 (\$333.33/month) per family annually may be available depending on a person's need. If a person is participating in a managed care Family Care, Family Care Partnership or Include, Respect, I Self-Direct (IRIS) program, they may not receive AFCSP funding.

What services and goods may be purchased with AFCSP funds? AFCSP allowable services and goods necessary to temporarily relieve a caregiver of caregiving responsibilities, support the preservation of the caregiver's physical and mental health in caring for a person with Alzheimer's disease or related dementia disorder in the home, and those that help maintain a person with Alzheimer's disease or related dementia disorder as a member of the household may be purchased with AFCSP funds. AFCSP allowable services and goods may include in-home respite care, adult day care, transportation, personal care, in-home cleaning and chore services, shopping and errand services, security systems, or other services and goods. AFCSP service providers must have a contract with the Outagamie County Department of Health and Human Services.

What are the income limits? There is no longer an income limit associated with AFCSP funding.

Do I need a physician's statement? The person must have an Alzheimer's disease or other irreversible dementia diagnosis from their physician.

How can I find out more about AFCSP funding in Outagamie County? Contact the [Outagamie County Aging & Disability Resource Center \(ADRC\)](#) 920-832-5178 or via email adrc@outagamie.org.

10 SIGNS OF EARLY MEMORY LOSS DETECTION

1. Memory changes that disrupt daily life. Are you forgetting recently learned information, important dates or events, asking for the same information over and over; relying on memory aides (e.g., reminder notes or electronic devices) or family members for things you use to handle on your own?

What's typical? Sometimes forgetting names or appointments but remembering them later.

2. Challenges in planning or solving problems. Are you having trouble following a familiar recipe, keeping track of monthly bills, having difficulty concentrating or taking longer to do things than you did before?

What's typical? Occasionally, making errors when balancing a checkbook.

3. Difficulty completing familiar tasks. Are you having trouble driving to a familiar location, managing a budget, remembering rules of a favorite game?

What's typical? Occasionally, needing help to use microwave setting or to record a television show.

4. Confusion with time or place. Do you lose track of dates, passage of time or forget where you are and how you got there?

What's typical? Getting confused about the day of the week but figuring it out later.

5. Trouble understanding visual images and spatial relationships. Are you having difficulty reading, judging distance, determining color and contrast or recognizing your own reflection?

What's typical? Vision changes related to cataracts.

6. New problems with words in speaking or writing. Do you have trouble following or joining a conversation? Do you stop in the middle of a conversation and have no idea how to continue, repeat yourself or have problems finding the right word to call things (e.g., calling a “watch” a “hand-clock”).

What's typical? Sometimes, having trouble finding the right word

7. Misplacing things and losing the ability to retrace steps. Do you frequently lose things and are unable to go back over the steps to find them again?

What's typical? Occasionally, misplacing things (e.g., pair of glasses, TV remote control).

8. Decreased or poor judgment. Do you use poor judgment in dealing with money, giving large amounts to telemarketers or pay less attention to grooming or keeping yourself clean?

What's typical? Making a bad decision once in a while.

9. Withdrawal from work or social activities. Do you withdraw from hobbies, social activities, work projects or sports? Do you have trouble keeping up with a favorite sports team or remembering how to complete a favorite hobby?

What's typical? Sometimes, feeling weary of work, family and social obligations.

10. Changes in mood and personality. Do you become confused, suspicious, depressed, fearful or anxious? Easily upset at home, at work, with friends or in places where you are out of your comfort zone?

What's typical? Developing very specific ways of doing things and becoming irritable when a routine is disrupted.

If you are concerned with warning signs, consult your physician. For more information, contact the Alzheimer's Association 24/7 Helpline 800-272-3900, Mosaic Family Health 920-997-8407, Fox Valley Memory Project 920-225-1711 or contact the ADRC Dementia Care Specialist 920-832-5178.

EMERGENCY PREPAREDNESS**ARE YOU READY?**

Emergency events can occur quickly and without warning. Planning for any emergency requires considering all likely scenarios that could affect you. If you are able to stay at home, utilities (electricity, water, heat, air conditioning), telephone service, transportation, etc. could be interrupted or lost for a considerable amount of time.

- Have enough food, water and other essentials on hand to last three or more days. You may have to evacuate your home or community.
- Choose an out-of-town person to be your contact point for family members to call if you are separated. Make sure everyone has the telephone number.
- Choose two emergency meeting places: one outside of your home and one outside of your neighborhood.

CREATE AN EMERGENCY SUPPLY KIT

- ☐ Paper cups, plates and plastic utensils, paper towels
- ☐ Paper and pencil
- ☐ Books, games, puzzles or other activities for children

PREPARE • PLAN • STAY INFORMED

FILE OF LIFE COULD BE YOUR LIFE SAVER!

FILE OF LIFE enables emergency medical response teams to obtain a quick medical history when a person is unable to communicate in an emergency. Emergency response workers are trained to look for FILE OF LIFE stickers and “red” packets.

FILE OF LIFE lists a person’s name, emergency medical contacts, health insurance policy numbers, health concerns, current medications with dosages, allergies, recent surgeries, primary physician, health care proxies and other immediate information that will be helpful during an emergency. The FILE OF LIFE packet should be visibly placed on the outside refrigerator door. A compact version is available to carry in a wallet, purse or car compartment.

It is critical to maintain FILE OF LIFE accuracy and currency. You could save your life or a loved one. Update FILE OF LIFE information with every medication change and/or physician visit. TIP: When you turn your clock back or ahead for Daylight Savings, change your smoke alarm batteries and update your FILE OF LIFE information!

FILE OF LIFE packets are available, at no cost, in the Aging & Disability Resource Center (ADRC) of Outagamie County located within the Outagamie County Government Center, 320 S. Walnut Street, Appleton. For further information or to request a replacement information sheet, contact the Aging & Disability Resource Center of Outagamie County 920-832-5178 or adrc@outagamie.org.

PROJECT SAFE RESPONSE

Project Safe Response is a program of the Appleton Police Department in collaboration with the Fox Valley Memory Project (FVMP) and the Outagamie Aging and Disability Resource Center (ADRC) that will allow members of our community living with dementia, autism, or other cognitive impairments and their caregivers an opportunity to proactively provide critical information to first responders so they can be more informed when responding to critical calls for service. The program will be maintained by the Appleton Police Department. Community members can enroll in the program by first filling out an informational packet and then setting up an intake meeting. The forms are available at the Appleton Police Department, FVMP, the ADRC, or online at appletonpd.org. The information provided to the program will serve as an alert to first responders and include any relevant information necessary to facilitate a safe and effective response in the case of a critical incident.

MEDICAID NON-EMERGENCY TRANSPORTATION

Who Can Get Non-Emergency Medical Transportation?

Non-emergency medical transportation is a Medicaid covered service for individuals enrolled in certain Medicaid programs. Rides can include public transportation (such as a city bus), rides in specialized medical vehicles, or rides in other types of vehicles depending on your medical and transportation needs. If public transportation is not available, you will not be required to take it.

MTM, Wisconsin's Medicaid and BadgerCare Plus transportation manager. MTM schedules and pays for rides to Medicaid and BadgerCare Plus covered health care services.

You may be able to get a ride to your Medicaid or BadgerCare Plus covered health care service, if you have no other way to get to your appointment and you are enrolled in one of the following programs:

- Wisconsin Medicaid (including IRIS)
- The BadgerCare Plus
- Family Planning Only Services
- Tuberculosis-Related Services-Only Benefit
- BadgerCare Plus Express Enrollment for Pregnant Women

Please Note: If you have a medical emergency you should call 911

MTM is required to follow federal and state law and can only schedule and pay for rides if you are not able to get a free ride.

If you are enrolled in the Core Plan or the Basic Plan and Family Planning Only Services, you can only get a ride to services covered under Family Planning Only Services.

Mileage Reimbursement (Gas Payment)

If you have a car and are able to drive yourself to your appointment but cannot afford to pay for gas, you may be able to be paid for gas. Contact MTM before you go to your appointment to see if you can be reimbursed for mileage.

HIRING HOME CARE

CONSIDERATIONS HIRING HOME CARE

- Interview in Person Your initial reaction to the agency and/or home care provider is important.
- References Ask for at least 3 to 6 references.
- Criminal Background Checks Ensure the safety of home, self, personal property, etc. by following up with references and conducting a Criminal Background Check.
- Insurance (Workers' Compensation, liability, bonding, etc.) What if something is broken in the home, a home care provider is dishonest or an injury occurs while on the job?
- Taxes (local, state and federal payroll taxes) Wages must be reported if you hire an independent home care provider.
- Training What kind of training has the home care provider had? Do they participate in a continuing education program?
- Availability Is care available up to 24 hours a day, 7 days a week, etc.? What happens if a home care provider calls in sick or needs time off?
- Documentation Is a log maintained daily on activity? Daily events should be written down so that all those involved in caregiving are aware of what has happened.
- Transportation Is there home care provider assistance for running errands, going to appointments, etc.? What about emergency transportation?
- Rates and Billing (private pay, Medicare, Medicaid, long term care insurance, etc.) Check everything out. You are going to need resources to pay for care. Keep good records.
- Contract or Service Agreement Are you obligated for a certain period of time? Is there a deposit required to initiate services? Define your caregiving expectations. Get in writing.
- Back up Plan No matter how well a plan has been thought out, be prepared if something goes wrong or the plan changes.

AGENCY PROVIDER

- Screen and hire qualified employees
- Provide help quickly
- Send replacements when necessary
- Provide training, supervisor and liability insurance
- Handles employee payroll
- Resolves conflicts between you and employee

Considerations:

- Services may be too costly to use regularly
- You may have to accept a schedule around employees
- You may not be pleased with the quality or reliability of the employee
- Different employees may be sent on different day, interrupting continuity of care

INDEPENDENT PROVIDER

- Less costly than going through an agency
- You directly manage the worker and have control over hours, tasks and pay
- One person giving care which can provide continuity for your loved one

Considerations:

- Contacting, interviewing and screening are your job and can be time consuming
- If worker is ill or unavailable, you need to arrange for substitutes
- You are responsible for all paperwork, i.e., Social Security records, payments and insurance
- You will need liability insurance to cover the worker in case of accidents

Call the Aging & Disability Resource Center (ADRC).

BASIC NEEDS AND COORDINATED ENTRY

The City of Appleton's Community Resource Navigator can provide support and advocacy in connecting to housing and other basic needs resources, such as:

- Community resource connections and referrals (food and clothing, etc.)
- Housing applications,
- Job applications.

To Contact the Community Resource Navigator:

Please call or text: 920-427-2769 or email BasicNeedsTeam@appleton.org

- If neither are an option, please feel free to stop in person at the Appleton Police Department, 222 S Walnut St to schedule time during open hours.

COORDINATED ENTRY

Coordinated Entry is a way that people who are experiencing homelessness, or at risk of homelessness, get connected to housing programs and other resources in their community.

ELIGIBILITY REQUIREMENTS:

- You are sleeping in a place that is not meant for human habitation (in a car, in a park, in an abandoned building or storage shed, on the street, etc.); or
- You are staying in an emergency shelter or domestic violence shelter; or
- You will be losing housing in 14 days or less.

For Coordinated Entry call or visit one of the following agencies:

- Pillars Inc: 920-734-9192 > press 0
- Salvation Army Fox Cities: 920-734-3324
- ADVOCAP: 920-725-2791
- City of Appleton Basic Needs Team: 920-427-2769

HOUSING QUESTIONS TO ASK

- Is there an entrance fee? If yes, is it reimbursed when I move out?
- What determines the monthly fee and how often can it be raised?
- How much notice do I have to give if I leave?
- What is included in the monthly rate?
- Do I have a private bathroom?
- What are the costs for additional services or meals, private room, telephone, etc?
- What is the meal plan and are meals provided?
- Do you accommodate special diets?
- Are pets allowed?
- Is there awake staff overnight?
- Is there an emergency response system?
- Does the facility have an Emergency Preparedness Plan (power outage, fire, etc.)
- May outside services come in to help me?
- Is there a nurse on call 24 hours a day?
- What is the ratio of staff to residents?
- Is the facility at maximum capacity?
- What are the policies regarding visitors?
- Is there transportation available if I have a doctor appointment? What is the cost?
- Do you have parking or garage for a vehicle?
- If I have to be hospitalized for a period of time, what happens to my apartment or room?
- What personal possessions may I bring?
- Has the facility had any citations?
- What happens when my money runs out?
- Is the facility accessible?
- Does the facility have an emergency power back-up?

CHOOSING ASSISTED LIVING

WHAT IS ASSISTED LIVING?

Assisted living facilities offer housing alternatives for older residents who may need help with dressing, bathing, eating supervision and toileting but do not require the intensive medical and nursing care provided in nursing homes.

Assisted living facilities may be part of a retirement community, nursing home, senior-housing complex, or may stand-alone. Licensing requirements for assisted living facilities vary by state and can be known by many different names including: residential care, board and care, congregate care, and personal care.

WHAT SERVICES ARE PROVIDED?

Residents of assisted living facilities usually have their own units or apartment. In addition to having a support staff and providing meals, most assisted living facilities also offer at least some of the following services:

- Health care management and monitoring.
- Help with activities of daily living such as bathing, dressing, and eating
- Housekeeping and laundry
- Medication reminders and/or help with medications
- Recreational activities
- Security
- Transportation

HOW TO CHOOSE A FACILITY?

A good match between a facility and a resident's needs depends as much on the philosophy and services of the assisted living facility as it does on the quality of care.

The following suggestions can help you get started in your search for a safe, comfortable and appropriate assisted living facility:

- Think ahead. What will the resident's future needs be and how will the facility meet those needs?
- Is the facility close to family and friends? Are there any shopping centers or other businesses nearby (within walking distance)?
- Do admission and retention policies exclude residents with severe cognitive impairments or severe physical disabilities?
- Does the facility provide a written statement of the philosophy of care?
- Visit each facility more than once. Sometimes unannounced at various times during the day and evening.
- Visit at meal times, sample the food, and observe the quality of mealtime and the service.

- Will the facility allow other services to come in?
- Observe interactions among residents and staff.
- Check to see if the facility offers social, recreational, and spiritual activities?
- Talk to residents.
- Learn what types of training staff receive and how frequently they receive training.
- Review state licensing reports.

THE FOLLOWING STEPS SHOULD ALSO BE CONSIDERED:

- Contact the Wisconsin Board on Aging Long Term Care Ombudsman 800-815-0015 to see if any complaints have recently been filed against the assisted living facility you are interested in. The Ombudsman checks on conditions at assisted living units as well as nursing homes.
- Contact the Better Business Bureau 800-273-1002 to see if that agency has received any complaints about the assisted living facility.
- If the assisted living facility is connected to a nursing home, ask for information about it, too. (Information on nursing homes can be found on the Medicare website www.medicare.gov/nhcompare/home.asp).
- Contact the ADRC for assistance finding facility survey results.

WHAT IS THE COST FOR ASSISTED LIVING?

Although assisted living costs less than nursing home care, it is still expensive. Depending on the kind of assisted living facility and type of services an older person chooses, the price costs can range from less than \$10,000 a year to more than \$50,000 a year.

Because there can be extra fees for additional services, it is very important for older residents to find out what is included in the basic rate and how much other services will cost.

Primarily, older residents or their families pay the cost of assisted living. Some health and long term care insurance policies may cover some of the costs associated with assisted living. In addition, some residences have their own financial assistance programs.

Medicare does not cover the costs of assisted living facilities or the care they provide. In some states, Medicaid may pay for the service component of assisted living. Medicaid is the joint federal and state program that helps older residents and those with disabilities pay for health care when they are not able to afford the expenses themselves.

HOUSING DEFINITIONS

INDEPENDENT LIVING APARTMENT

Multi-unit dwellings specifically intended for older and/or disabled residents who are capable of managing their own lives. The costs can range from subsidized apartments for low income individuals to quite expensive condominium-style units. Some complexes may have recreation rooms, activities, transportation services and/or a congregate meal site on the premises. These facilities have minimal services available. Some may charge entrance fees.

ADULT FAMILY HOME (AFH)

A dwelling where 3 or 4 adults who are not related to the operator reside and receive care, treatment, or services that are above the level of room and board and that may include up to 7 hours per week of nursing care per resident. Adult Family Homes are licensed and regulated by the Division of Quality Assurance within the Department of Health Services. Long term support funding may be available to help with costs, if the resident is eligible.

RESIDENTIAL CARE APARTMENT COMPLEX (RCAC)

Apartment-type units with their own kitchen, bathroom, living and sleeping areas. The residents are somewhat independent, usually needing some degree of help with daily living activities. Through the facility, a resident can obtain up to 28 hours of assistance per week. Emergency assistance is available. Social and recreational activities as well as meals are also available. Be sure to ask what services are included in the monthly rate and what services require additional payment. Facilities that are registered with the state accept private pay only. If the facility is certified with the state, they may be able to accept funding if it is available and the resident is eligible. The RCAC manager can answer questions regarding financial matters.

COMMUNITY BASED RESIDENTIAL FACILITY (CBRF)

Group home setting consisting of 5-21+ beds. They can be single or double occupancy rooms, usually with a half-bath. They have common dining and living areas. These facilities are licensed by the state and classified according to their size and the population they serve. They are required to provide assistance with bathing, dressing, grooming, medications, referral services, meals and health monitoring. They schedule in-home and community activities, transportation for errands, etc. Payment for these facilities are generally private pay. Long term support funding is available to help with costs.

SKILLED NURSING FACILITY (NURSING HOME)

Health care facility that provides nursing services 24 hours a day. Persons needing extensive supervision, those with complex health plans, residents needing rehabilitative services (occupational, physical or speech therapy) or those who do not have supportive living services available are residents who would benefit from nursing home care. Costs vary according to the services and the level of care provided. Nursing homes are licensed and surveyed by state and federal regulators. There are a variety of ways to pay for nursing home costs. Medicare pays for limited nursing home stays as long as it meets their requirements. Long term care or supplemental insurance may pay for some stays. Medical Assistance may cover unlimited stays once financial criteria is met. Private pay or veterans benefits may also be used.

Contact the Aging & Disability Resource Center (ADRC) for further information.

Outagamie County Hoarding Task Force

The Hoarding Task Force was developed out of the Elder Abuse Coordinated Community Response effort, where it was identified that hoarding and clutter management was a growing problem for Outagamie County. Since then, community partners have come together to talk about the growing issue and how the group can assist with these complex and sometimes difficult situations. The Task Force has developed a Brochure, Referral Guidelines, Referral Form, and a Resource List. These documents are housed at the Aging and Disability Resource Center (ADRC) of Outagamie County and the ADRC is the first point of contact for families, individuals, and professionals needing information or assistance with severe clutter or hoarding situations. Permission is obtained by the ADRC to discuss the situation with the Task Force and help problem solve with the individual and interested parties. The Task Force is made up of individuals from Appleton Police Department, Outagamie County Sheriff, Outagamie County Human Service departments, Appleton and Outagamie Housing Authorities, Pillars, Humane Association, NAMI, Rebuilding Together, Patriot Partners, Independent Cleaning Solutions, Legal Action, Grand Chute Fire/EMS, and State of WI Department of Justice. The group of individuals that make up the Task Force from so many different agencies are hopeful the resources can help individuals who are looking for it and those who are ready for change. For more information, contact the Aging and Disability Resource Center – Outagamie County at (920) 832-5178.

EXTRAORDINARY LIVES DESERVE EXCEPTIONAL CARE

Age doesn't define rules for the life we lead. It doesn't set a deadline for learning, engagement or experiences. At Rennes Group, age simply represents the extraordinary lives we're honored to care for every day.

We're guided by a promise to our residents, a commitment to deliver exceptional care focused upon dignity, respect and compassion that creates meaningful experiences and memories. We believe lifelong learning, new experiences and community engagement enhances our residents' lives.

We believe they deserve nothing less than exceptional.

Our community partnerships with local businesses delivers upon this promise through community engagement and life enrichment.

After all, our stories are still being written, and we're happy to help fill the pages.

"Living at CopperStone has been a positive transformation for my mother. It is a beautiful building, but it is the people that make it truly special. Everyone at all levels is truly dedicated to making sure that the residents feel like family"

COPPERSTONE

ASSISTED LIVING AND MEMORY CARE

Often times families are called upon to provide care when their loved one has reached the point in life when they are no longer able to take care of themselves. Caring for a loved one, while attending to matters of your own daily life, can make this challenging. Moving your loved one into an Assisted Living facility can be a difficult and emotional process. You may have serious questions about the quality of care and the engagement of the community, leaving you worried and skeptical. At CopperStone Assisted Living, we have a trusted team of professionals that guide you through this important process every step of the way. We understand your fears and reservations. Lean on us to walk alongside you and ensure you that your loved one gets the care, attention, and love they deserve. You can be confident that you honored your elderly family member by providing them with the best care available in the Fox Valley.

WE ARE HERE TO HELP, ALWAYS.

First Love

It's been 53 years since they met at a dance, but Mary and Jack still want to be together in the home they adore. As the first home care company in the US, our 50 years of experience has led us to offer the most comprehensive, compassionate care. We understand that there are many things to consider when deciding on care for a parent or spouse. **But first, love.**
