

OUTAGAMIE COUNTY
REQUEST FOR PROPOSAL
FOR
MEANDER RIVER CORNER RE-MONUMENTATION SERVICES
FOR
DEVELOPMENT AND LAND SERVICES DEPARTMENT

DUE BY: February 12, 2019

1.0 Introduction and Background

Outagamie County Development and Land Services Department is seeking proposals for contracted services of a Professional Land Surveyor licensed in the State of Wisconsin to reestablish monuments of existing meander river corners in Outagamie County. A total of 24 corners have been selected for this RFP.

2.0 Scope of Service

The surveyor will be responsible for the following –

- Researching the existing river corners
- Establish points by setting Berntsen Monuments and witness monuments using $\frac{3}{4}$ " rebar
- Find, establish and document a County coordinate for each identified meander river corner using the Wisconsin Coordinate Reference System (WISCRS), Outagamie County using the horizontal adjustments of NAD83 (1991)

Upon completion, the surveyor will prepare a plan showing the location and coordinate for each point set and found in the field.

Reference the following for the Meander River Corners that are planned for re-monumentation

- Attachment A – Listing of Meander River Corners
- Attachment B – Corner Section Summaries (Map)

It will be the proposer's responsibility to inspect and establish the meandered river corners referenced above prior to submitting a proposal to determine the work necessary to complete all requirements.

3.0 Pricing

Pricing will be lump sum to complete all work for this project. The awarded vendor may bill monthly for the project and the County will pay within Net 30 Days.

4.0 Timeframe

The notice of award is anticipated to be by March 1, 2019. All work must be completed no later than March 20th, 2020.

5.0 Specifications

The following criteria must be followed –

1. The County will furnish all corner monuments such as Berntsen monuments, rebar for witness ties, witness sign posts and identification signs.
2. The contractor shall furnish all services, labor, transportation, lodging, per diem and other related expenses necessary to conduct and complete the work, and shall furnish all materials, equipment; vehicles and incidentals other than those which are provided by the County.
3. All monuments must be in the Wisconsin Coordinate Reference System (WISCRS), Outagamie County using the horizontal adjustment of NAD83 (1991)
4. All work must be adjusted to the nearest High Accuracy Reference Network (HARN) monuments using the published coordinates provided by Outagamie County. A minimum of

two HARN monuments must be used, one as closest possible to each meander river corner project.

5. Section corner, quarter corner, and center section corner monuments used will need to hold published coordinates supplied by Outagamie County within two tenths (.2) of a foot for mapping purposes. If monument coordinates are more than two tenths (.2) of a foot the contractor will need to contact the Outagamie County Surveyors Office.
6. Existing corners must be located and a coordinate must be set for each point. If adjustments are necessary, the surveyor must re-set the existing corner if it is found to be unreliable and remove the existing marker and produce a new tie sheet
7. The plan submitted shall be on 11" x 17" sheets and in digital format that is compatible with AutoCAD 2016 or later, and contains the following information:
 - a. Title.
 - b. Legend.
 - c. North arrow.
 - d. Meander river corner points set or found with corresponding (WISCRS) coordinates. (Notes are required for existing points that are found and the type of monument that is present).
 - e. Point numbers for each meander river corner.
 - f. Section corners with coordinates and section, township, and range at each section corner.
 - g. Plans must be drawn to scale.
 - h. Title blocks indicating the company responsible for the plan, date of plan, and sheet number.
